

Name: _____

Date: _____

What's Smaller Than a Pygmy Shrew Activity

Directions:

You have been given different items to explore and observe using your eyes and then using a hand lens to assist you. Please make sure that you are drawing your observations on your Observation Sheet and are writing short descriptions as well. Remember to make observations and draw a picture using just your eyes and another picture for when you use the hand lens!

1. Mushroom slice. DO NOT EAT!!

Observations using only your eyes:

Observations using your hand lens:

2. Dirty Water. DO NOT DRINK IT!

Observations using only your eyes:

Observations using your hand lens:

3. M&M. YOU MAY EAT THEM AFTER YOU ARE DONE!! Take one of the M&M's and bite it in half as best you can.

Observations using only your eyes:

Observations using your hand lens:

4. Nerds. YOU MAY EAT THEM AFTER YOU ARE DONE!! Take one of the Nerds and bite it in half as best you can!

Observations using only your eyes:
